

# YOUNG REWIRED STATE

By Connectionist

Yo! :)

**YOUNG** you are:

First at the bar,  
Saturday scar,  
Jump in the car,  
Penny in the jar  
won't go too far!

**REWIRE** your brain

It's worth the pain  
won't be in vain  
to feel the drain  
from coding  
forging  
mining  
diving  
in Government data  
to cater later  
for freedom of creation  
with loads of information  
where the whole nation  
can take part.

Give us your heart  
and you'll rewire the **STATE**  
It's not just give, but also take.  
Make no mistake,  
Now is the date!

Manchester 3 August 2010
